

Drought Resilience Strategy Outline

Project Description	What is your solution?
	Where do you plan to do it?
	Who are the stakeholders? Who will you involve and what will their role in the project be?

Student Handout Middle/High School Expo Lesson: Drought

What resources do you need to complete the project? How do you plan to get these resources? What is a suggested timeline (and how will you take into account potential social-distancing requirements due to COVID-19?)

Student Handout Middle/High School Expo Lesson: Drought

Project Justification Why is your project important? What is your evidence, and/or how do you know this is a need in your community? Who will the project benefit?
