

Lesson Plan

Lesson Name _____

Developed by _____ For Grade _____

Dates Available _____

Related Science Standards and Vocabulary

Specific standards and new vocabulary related to lesson

Science Standard(s):

Vocabulary/Definitions:

Introduce and Engage

Making personal connections, engaging curiosity, building connections to kids' experiences

Personal Introduction: *What do you do for work, hobbies, play? Why are you interested in this topic?*

Building Connections to Kids' Experiences: *Can you think of an experience most kids would have related to your topic? Is there something to show that will grab their attention? Or can you pose a mystery with a question about something they see everyday?*

Learning Experiences

Any combination of demonstrations, hands-on activities, and pictures that helps kids explore new ideas. Describe specific experiences in the order you plan, including instructions you need to give students. What kids will see, do, hear, touch, taste or make.

Sharing Experiences & Building Ideas

What kids will share about experiences and how to help them interpret experiences to build ideas and vocabulary.

Invitation to Share and/or Discussion Questions:

Summary and Closing Ideas:

Follow-On Activities

Ideas for follow-on activities, your favorite kid books, things to notice

Example: Ask teacher and kids to write a letter about what they learned. Include drawings!
