Prof. Jose Jimenez wins Ascent Award by AGU

The American Geophysical Union's (AGU) has awarded the "Ascent Award" to Prof. Jose-Luis Jimenez. The award "aims to reward exceptional mid-career scientists in the atmospheric and climate sciences," and recognizes Jose's use of innovative measurement technologies to "shift the paradigm underlying primary emission, secondary production, and chemical evolution of carbonaceous aerosols."

For please visit AGU's website for more information on this award: <http://atmospheres.agu.org/sectionawards/ascentaward.shtml>
