Ordering a UPS
Prepared 7/30/2004, Ed Dunlea

We have ordered several refurbished UPS's from APC. Check with group members to see how they are working out.

If you want to order from APC, call 800-890-4272. The first thing to do is apparently tell them that we have an account
set up, the login or username or whatever is "edward.dunlea@colorado.edu" and the password is "dunlea". Very original,
I know, but it was their idea, honest. This should bypass the need to prove to them that we are tax exempt.

The rackmounted smart UPS's #1500 have a part number of SUA1500RM2U. They run ~$670, the extended
warranty was an extra $60 and it covered shipping of a defective UPS back to APC and overnight replacement.

If you do need to prove that we are tax exempt, print out a copy of the tax exempt form from our web site and send a fax to
them that looks something like:

To: APC
       fax: 401-788-2649

From: Edward Dunlea
        University of Colorado at Boulder
        CIRES, UCB 216
        Boulder, CO 80309
        ph: 303-492-0820
        edward.dunlea@colorado.edu

Re: Order # 1146130

The following page is our tax exempt certificate to accompany this order.

Thanks
Ed
