_____ interviewee's name
needs a way to _____ interviewee's need
because (or "but....") _____
(circle one)

_____ insight

Driving Question : _____
_____?

Ideate

4 Sketch at least 5 *radical* ways to meet the community's needs.

write your Point-of-View statement (from step 3) above

--	--	--	--	--

5 Share your solutions & capture feedback.

Notes

Focus

Driving Question : _____
_____?

6 Reflect & Develop the Best Solution

Based on the feedback you've been given, choose one of the five radical solutions to focus on. Sketch your big idea and note details if necessary!

Driving Question : _____
_____?

Prototype & Test

7 Build your solution.

Make something your classmates can interact with! It can be a model of a life size creation, a sketch of a website or app, a skit or a video....the sky is the limit.

[not here]

8 Share your solution and get feedback.

+ What worked...

- What could be improved...

? Questions...

! Ideas...

Driving Question : _____
_____?

Iterate

9 Reflect & Generate an Improved Solution

Based on the feedback you've been given, create the best idea that you can. Consider why type of format you'd like to use to present your idea, and get reach to launch.
